

## **Violet Fire Invocation** **(For clearing human limitations and distress)**

I do now call to the Beloved Mighty and Victorious Presence of God, I AM!

And to the Beloved Holy Christ Selves of all mankind; Beloved Ascended Master Saint Germain, and All Great Beings, Powers and Legions of Light Beings who serve on this Earth.

BLAZE and BLAZE and BLAZE up through and around us your Mighty Violet Transmuting Flame!

The Purifying Power of Divine Love.

See now this Flame of Divine Love, Mercy, Forgiveness and Compassion, Transmute Instantly and forever ALL the causes and core of human limitation and distress, which we have created in our own Beings and Worlds and in the Worlds of others. Transmuting anything we have ever created of a destructive nature and may have accepted into our worlds, which has been driven against us.

And replace all mis-created energy with the Holy White Light Of God.

For I accept this done and we are Eternally Grateful, in the name and By The Power of God's most Holy name I AM!
